## JUST PLAIN SENSE!

**The Canadian people** have made a magnificent contribution to the common victory in Europe.

**The Liberal administration** can say with honesty and justice:

This is the Government which has directed Canada's war effort at home and abroad.

This is the Government which during the war worked out a program of full employment and social reform.

These things are now a matter of record and of common knowledge.

**On the basis of its record** the choice of Prime Minister King's party to form the next Government of Canada is a matter of just plain sense!

*Let the Liberal Government finish its work*

complete freedom from France was issued by Ali Jumah, president of the All-Arab Modern Institute.

...and, welcoming British and American intervention, added this was not enough. France must be asked to withdraw completely from Syria and so must Britain and other foreign forces.

The 500 Arab states at the United Nations Conference acted Monday to oppose the big power veto authority in the new world organization so long as the present government of France continues.

A spokesman for the group—Egypt, Syria, Lebanon, Saudi Arabia and Iraq—said all will vote against a veto right until France leaves. He demanded "a constitutional democratic responsible government."

The Arabs were described as believing that France now "is the complete responsibility of one man, Gen. De Gaulle, and has no constitution no parliament and no responsible government."

What does  
**YOUR**  
FARM NEED?

How often have you said "If I could only raise the money!" Well, if you could, what would you do to improve your farm and increase your production?

Would you build a modern barn?

or buy new machinery?

or modernize your house?

or electrify your farm?

If you want to build a modern barn

or buy new equipment

or electrify your farm

or modernize your house

...then have a talk with your bank manager about his new powers under the Farm Improvement Loans Act.

That is where the banks, operating under the new Farm Improvement Loans Act, can help you. The gap has been filled. "Intermediate" loans at a specially low rate can now be obtained for periods of two or three years—or even longer, in cases up to ten years.

So, if you have a project in mind to improve your farm, drop in and talk it over with your local bank manager. Ask him what he is now empowered to do to help make your farm living more attractive and your work more profitable.

He will tell you—and show you—that your bank is just as eager to meet the sound credit needs of the farmer as of the merchant or manufacturer.

Fax and sweet clover are immune from the attacks of the wheat stem sawfly.

Much of the radium produced in Canada is used in the manufacture of radioactive or "luminous" paint. A very minute amount of radium will render a very large tonnage of paint radioactive. Radium employed thus is nonrecoverable.

Canadian farmers in 1945 will need about 870,000 fewer acres to wheat than they did in 1944, owing to the wheat surplus now jamming prairie elevators. This acreage will instead be given over to oats, barley and flax.

In five and a half years of war approximately 15,000 aircraft have been produced in Canada.

The latest chemical experiment ever undertaken in Canada was recently begun at the new \$100,000 pilot plant of the National Research Council in Ottawa. Chemistry is a term coined to cover all phases of research which seeks new uses for farm products.

Total casualties suffered by Canada in World War II were over 100,000 of which about three-quarters were Army.

The Bell Telephone Company of Canada has 30,000 unfilled applications, principally for residence telephone service. These applications are being held up under Wartime Price Board regulations.

Ideas are stirring in the "new cookery" offered by Eustella Langford, Canadian Silver Cupula Gilt Cooking School. The school holds its first class on the Trans-Canada network, Monday, May 7, at 8:18 p.m. CDT. ### And The PERMANENT

## Selling Bibles In PARIS

During 1943, at the worst time of the German occupation, the Bible House in Paris sold 14,225 Bibles more than in one year during the entire ten years preceding the war. Many of these were sold on the boulevards on Sunday evenings until the Nazis stopped the practice in Nov. 1941.

### Court Difines "Christians"

Protestant Voice cites the famous case of Hale vs. Everett in which the court defined a Christian as one "who believes that Jesus Christ is the Son of God and the Saviour of man, and who receives the Holy Scriptures of the Old and New Testaments as the word of God. When used in its more strict Scriptural and theological sense, the term 'Christian' who really believes the gospel, believes in the grace, and is obedient to the will of Christ." An evangelical theologian could not have given a better definition—but what a lot of professed Christians this excludes!

### Jap Mouthpiece

Under the above heading Newswest Magazine (April 1943) says: "Tokihiko Kagawa, personal and persuasive Japanese Christian leader and social worker once a popular lecturer to U.S. Protestant Church groups, is now broadcasting his anti-American pronouncements over the Japanese government radio." It was the Federal Council of Churches, and not the evangelical leaders, who promoted the Kagawa meetings in America for the message of this Japanese Christian. The name (Kagawa) called him was definitely modernistic. He preached the social gospel, not the message of the Cross that saves from sin and hell.

### Intolerance In Turkey

A Congregational missionary, Mrs Mary Ingle, has resigned her position in Turkish government education and has left Turkey in protest against the religious intolerance that exists in that country. Christians are not allowed to marry, are not allowed in government and factories. They are not allowed to travel in Turkey. They are not permitted to engage in foreign trade or commerce. Stores of American arms and some educational charities have been turned into stables or converted to mosques. It is hoped that the United Nations of which Turkey is a part will not condone the state of affairs in present-day Turkey.

### No Prayer At Conference

Daily prayer has been omitted at the San Francisco Conference "for fear of offending some of the delegates of the various na-

tions of the world represented there," the newspapers said. Representative Chester H. Gross declared in a House speech that he was "moved to read this. I am wondering what effect that will have on the missionaries we have sent to all over the world. I will say this," he said, "I am wondering how our converts to Christianity throughout the world will feel. Our faith in God must be shallow and our religion must mean little to us when we have to abandon it at a time like this because strangers are in our midst."

of Jerusalem carrying your Testament in their hands, unafraid. Many are secret believers. Many are merely convinced, and await only the mighty work of God to bring them to heart to bring them to the New Birth.

"I heard at the Hebrew Christian Conference a few weeks ago that in one Jewish colony on the outskirts of Paris a group that meets weekly to study the New Testament. Your Hebrew Testaments are the textbooks used in this case. The Jews are wide open to the gospel message. Who would have thought it a wonderful time to work! One can see how long it will last! Please get people praying as never before!"

## Homes Damaged In Britain

No less than 4,500,000 dwellings in Britain have been destroyed or damaged by enemy action. This is an average of one in three for the whole country, which means that in the target areas the proportion is even higher. In one neighborhood in Greater London only one house in every five escaped damage. But the Editor of the Christian (London) says that the worst damage to the spirit in Britain has been in the spiritual field, where there has been a marked decline in moral standards. Families have been scattered and morale has suffered. As a result, divorces have increased to an alarming degree. Sanctity needs to be restored in the church家庭 and family life needs to be strengthened. Surely this is true of other nations as well, including America, a prominent taxpayer says.

## The Tax On LIQUOR

Says the National Safety Council in its 1943 edition of *Consumer Facts*: "The tax on beer is to prevent it when they spent it at increase taxes. Opium is still even given away in conquered lands... Our Secretary of the Treasury boasts, however, of a similar plan in America... an going to do is tell me Mr. Marcy is going to call a group of senators to keep prohibition from happening again... The Treasury has victory in World War III have fallen on America. And so far on the agenda is anti-Semitic propaganda in the USA. It seems the Nazis confess that their anti-Semitic program in this country before this war was badly muffed. That error will not be repeated this time," their official writer, or ever, but truly Christians will be on guard against all such forms of intolerance.

## Repentance Needed

Said Dr. Walter Mauer of the Lutheran Hour recently: "We need repentence from top to bottom. We need it in the home, in the church, in the school, and vice versa—everywhere, where high and applauded people in widely circulated magazines print attacks on Biblical truths, where lives of too many public officials are marked by unkindness, divisiveness, where hate and Communism are taught in a Hitler grip and where God's abundance can be ordered devastated."

"We need real repentence among all American officials, who dream dreams of a new world that has no thought of God. And in the army and navy, where dreams of all previous roseate promises medical experts now admit that the rate of venereal diseases will keep pace with the high figure in World War I."

## New Testaments In Palestine

For years Brother George T. Davis of Philadelphia has been sending New Testaments to Palestine both in Hebrew and in English. Recently he received the following word from the missionary who is supervising the distribution of these Testaments:

"It is not uncommon to see young Jews walking in the streets

of Jerusalem carrying your Testament in their hands, unafraid. Many are secret believers. Many are merely convinced, and await only the mighty work of God to bring them to heart to bring them to the New Birth.

"I heard at the Hebrew Christian Conference a few weeks ago that in one Jewish colony on the outskirts of Paris a group that meets weekly to study the New Testament. Your Hebrew Testaments are the textbooks used in this case. The Jews are wide open to the gospel message. Who would have thought it a wonderful time to work! One can see how long it will last! Please get people praying as never before!"

## The Mystery Of Life

Dr. Alexia Carrel the biological wizard was able to keep a chicken heart alive for thirty years, but he could not do the same for a dog. He died recently in Paris leaving the riddle of the chicken without body and without purpose, still alive, but leaving the riddle of human existence still unsolved.

## Bibles In Signature

When the Bible Society House in Singapore fell into Japanese hands they would have burned the large stock of Bibles but the Chinese and Indian Christians So they spared them on condition that these Christians should sell them and turn over the proceeds to the Japanese. This they gladly did,

## Jew-Haters Still Active

Secret plans to insure German victory in World War III have fallen on America. And so far on the agenda is anti-Semitic propaganda in the USA. It seems the Nazis confess that their anti-Semitic program in this country before this war was badly muffed. That error will not be repeated this time," their official writer, or ever, but truly Christians will be on guard against all such forms of intolerance.

"And according to your theory 'Son given is your theory?"

"Man alive!" I exclaimed, "I am not speaking of any Jesus, but of our Hebrew Messiah. When we enter into the Son of God we will not compare notes and see that the Christian Messiah is a book well known to me. But I frankly say, I doubt very much whether you can find the whole life of a coming Messiah in it. There may be some passages here and there referring to a coming Hebrew Messiah, but a whole life—never."

"But listen, Mr. Swartz, would I intimate a story I have heard that you that there is in the Old Testament a story of the life and suffering of our blessed Messiah—a story you have never read, because you did not know how to understand it. In order to find the story of the life of the Messiah you must know the Messiah himself. This is why you have never read it, although, I am sure, as you said, you will recognize every one of the passages I intend to read."

"But promise me, Abraham, that you will not say that these good Old Testament blessings or passage refer in any way to that impious, Jesus of Nazareth. Will you promise me that?"

"I will not promise anything; I cannot promise anything. Because you do not let me tell you that you and I are supposed to know nothing of one Jesus of Nazareth. We are supposed to be Jews who are now going to search the Scripture down in order to learn something about the Messiah. Being, whom the Lord has promised His people that Deliverer who was to come through our King David, listen."

THE LIFE OF JESUS THE NAZARENUS IN THE OLD TESTAMENT.

"The first promise of a coming Messiah God gave to the first Woman Eve and we find it in Genesis, right away in the third chapter and fifteenth verse. In speaking to the serpent, He said:

"Hear seed, it shall bruise thy head."

"You will notice Mr. Swartz that the Lord does not say 'Their head,' but 'HED seed.' What a logical writer, I would feminine pronoun, instead of the plural, seeing that Adam was there too?

Because the Messiah was to come through a virgin, as is predicted

But in the form of God, because He will have all His "qualifications as well as His names—'Adonai' God, 'Elohim' Father and 'Prince of Peace'." Confirmation of this Child or this Son can be none other than Jehovah Himself. According to Rashi the great Hebrew Commentary, is no less a personation than the promised Messiah. This is also confirmed in the second Psalms thus, "B'nai stani u'k'ron Jeliditcha" (Thou art My Son, this day have I begotten thee) and please note Mr. Swartz.

That this does not refer to David, the anointed King, but to someone who was not born as we mortals are, but was forgotten by God, himself. David ruled a limited time in the South, but the son of God is to rule forever. You will see, then, that the Child spoken of here as "Immanuel" is to be "God With Us" for He is to be the Child born, but a Son given; more than that, he is to be the Prince of Peace." For He is the Prince of Peace; "Peace in other words, he is to be God Himself in human form.

"Never mind another 'Bible' said he, "if you promise to read from the Old Testament only, that is all I ask. Anyway I will recognize whatever passage you read from the Old Testament, it is a book well known to me. But I frankly say, I doubt very much whether you can find the whole life of a coming Messiah in it. There may be some passages here and there referring to a coming Hebrew Messiah, but a whole life—never."

in Isaiah 7:14. The Messiah, with the help of God, was to be born in a supernatural way. Do you remember, Mr. Swartz, the interesting discussion on the Virgin birth of the Messiah? Well, then, the very first promise of a coming Messiah is clear on this subject.

"The time of His coming is given us also in the first book of the Bible namely in Genesis, the 46th chapter the 10 verse. The Jewish Talmud, as you know, makes a strong claim that this is the time of His appearance. Here it is 'the scripture shall not depart from Jesus nor a law-giver from between his feet until Shiloh come.'

"But this does not state the time!" Mr. Swartz interposed. "Tell me where it says anything about the time of the Messiah."

## BIBLE QUESTIONS

ANSWERED BY THE

VOICE OF PROPHETCY

INTERNATIONAL BIBLE BROADCASTER

QUESTION.—What kind of mark did God put on Cain? (Genesis 4:14)

ANSWER.—The Bible does not say, but we know that sin often leaves its mark upon the human countenance. In the 9th century BC, when their countenances doth witness against them; and they declare that "sin doth as Sodom, they hide it with shame. Who will stand for them, have rewarded evil unto them selves."

ANSWER.—We are having an argument about God's reward to men for their works. When is it?

ANSWER.—Let the Word answer. Revelation 22:12: "And, behold, I come quickly. My Word will be with Me, to give every man according to his work shall be."

ANSWER.—Why didn't you answer my question?" I requested.

ANSWER.—Because there are several hundred questions ahead of yours, and we can make no promises as to when we will be able to answer them. Or when we will be able to publish them. But if we hope for that we will wait for that man who will write for us." (Answers 542)

QUESTION.—I have been taught that Christ will come silently, like a thief, to get His people. Is that true?

ANSWER.—Christ will come unexpectedly, like a thief, but not silently. He will come with a shout, with a voice of an angel, and with the dead and the living. And, behold, I come quickly.

ANSWER.—I have been taught that Christ will come first among those who are alive and remain shall be caught up together with them to heaven, and to meet the Lord in the air; and, not to those who die in the flesh, but to those who are buried with the Lord." He will come in glorified glory. Luke 9:26: "For whereas ye have been named sons of God, so are we also; for all that are born of God shall abide in him; and he abides in them; and of this we are made sure, because they are written in his heart."

ANSWER.—Christ will come unexpected, like a thief, but not silently. He will come with a shout, with a voice of an angel, and with the dead and the living. And, behold, I come quickly.

ANSWER.—The Son of God is named Jesus, and the Son of man is named John. John is the name of the Son of God, and Jesus is the name of the Son of man.

ANSWER.—John 3:13: "No man hath seen God at any time, but he which is born of God, he beareth God's light in his heart."

ANSWER.—John 3:19: "He that hateth me hateth his Father also."

ANSWER.—John 3:20: "If any man keep my commandments, he shall abide in me, and I in him."

ANSWER.—John 3:21: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:22: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:23: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:24: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:25: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:26: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:27: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:28: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:29: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:30: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:31: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:32: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:33: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:34: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:35: "He that believeth on me, believeth not on me, but on him that sent me."

ANSWER.—John 3:36: "He that believeth on me, believeth not on me, but on him that sent me."

# FULL EMPLOYMENT AT FAIR WAGES

is

## the Foundation of all True Progress

"The people of this nation are tired of the delay in correcting the weaknesses that have developed in our system . . . We must correct these obvious weaknesses in the economy we have, by rationalizing it—not by wrecking it. We must maintain the system which gives full play to individual initiative, and a fair return to all legitimate enterprise which provides employment; and the State, by just laws relating to workers, must see to it that at no time shall there fail to be provided the opportunity for a fair day's pay for a fair day's work for every one of our fellow-citizens in this Dominion who is able and willing to work."

*John Bracken*

We mean to see that every Canadian citizen able to work has the opportunity to work at fair pay.

- RATIONAL REFORM
- MAXIMUM PRODUCTION
- THROUGH THE FULL DEVELOPMENT OF OUR NATURAL RESOURCES
- FULL EMPLOYMENT AT FAIR WAGES

*These are the pledges of the Progressive Conservative Party.*

For full employment embracing all Canadians of every Province,

### WE WILL

- Help individual and co-operative enterprise, to increase employment by reducing taxation system, by removing controls and stabilizing which slow down the expansion of legitimate enterprise, and by improving relationships between the Government, Labour and Management;
- Establish a National Development Board responsible for plans for full production and employment, as well

as the preservation of our natural resources;

- Increase our trade by establishing an export market by aggressive salesmanship abroad, by creation of mutual aid until no longer necessary, and by provision of trade credits to economically backward countries;
- See that the powers of the Bank of Canada are used to supply ample credit for an expanding economy;
- Undertake a carefully planned program of social welfare projects, such as low-cost rural and urban housing, rural electrification, conservation and reforestation, the development of natural resources—on a national basis.

These Progressive Conservative policies are carefully and confidently pointed at a practical national objective—the realization in our time of an age of plenty.

Only the Progressive Conservative party with its far-sighted plan for the comprehensive development of every part of Canada to new heights of prosperity—a prosperity in which ALL Canadians shall share fairly and honorably—only this Party faces the challenge of the future with abiding confidence. This is the realization of the practical objectives embodied in its practical policies for full employment at fair wages.

capital out of it, then just isn't anything political involved.

In wartime planes are built regardless of initial cost or operating cost for two major purposes—bombing and fighting. The fighters are built to fly as fast and dangerously (to the enemy) as possible, with no regard to the terrific power (and the terrible cost of providing it) necessary to defeat the enemy.

By the time the war is over, all but the newest fighting planes are out to date, and even the newest fighting planes are out of date, and even the newest are rapidly outmoded. These fighters have absolutely no commercial use. They cost so much to build that a small fortune for every hour they are kept in the air. Repairs and maintenance are out of reach.

A few well-worn C47s have been sold to airlines for conversion back to airline use. And what happened? It actually cost more to put seats in and give them the overhauling necessary for safety

to tear it apart for conversion, and then put it together again, you'd find you'd better off to burn it.

So what about trainers, even light trainers like the ones which have filled the Canadian skies

throughout the war? Well, these planes only train men to handle bigger more powerful machines, and the story of maintenance will cost gasoline costs conversion costs and overhauling costs in the same thing all over again.

CAR owners have been wondering just how safe synthetic rubber tires are—just how much mileage they will give. The results of a recent safety and supreme test, as a race car was equipped with regular, stock Firestone Synthetic Rubber Tires, show you the answer for yourself. It raced for 500 miles around the Indianapolis Speedway under American Automobile Association supervision.

Wilbur Shaw, famous three-time winner of the Indiana 500 Sweepstakes, drove his 1945 Ford Zephyr and averaged 100.34 miles an hour, hitting more than 135 miles an hour on the straightaway. He says the Firestone tires took as they pounded over the rough brick and grinding asphalt... yet he had no trouble with them. Yet, in this grueling, tire-torturing test, not a skid or blowout occurred.

Race car tire manufacturers are

the only tires made that are safety

proved and recommended for your pro

tection on the highway.

**WARNING**—The tire tread is more critical than ever before, and can last longer and longer months. The Firestone tire is the only tire that can be run on the road at 100 miles an hour. The tire wear warning speed is 100 miles an hour. If simple, yet fundamental, tires which have proved no protection in racing, in serving tires, Firestone Dealer will help you get him today.

## JOB ASSURED

## BEFORE DEMOBILIZATION

A Square Deal for Veterans Assured by  
Progressive Conservatives

The very first clause of the Progressive Conservative plans for the re-establishment of Veterans, adopted at the National Convention of December, 1942, is as follows:

### DEMOBILIZATION

In carrying out the demobilization of Canada's Armed Forces the primary consideration should be the interest of those who have served. Demobilization should be based on the principle that members of the Armed Forces should not be discharged until their economic security is assured by placement in gainful employment or by assisted training and education to that end.

Here, in this simple statement of progressive, realistic policy is the only true solution of the fundamental problem by which every service man and woman is faced. It is also the only assurance of a square deal for all veterans. It is the very basis of the Rehabilitation Policies of the Progressive Conservative Party. No veteran will be discharged against his will unless he is assured of peace and livelihood.

"Platitudes will not fill empty stomachs," declares John Bracken, "nor generalities provide jobs for those who have fought, nor words of declamation about sacrifice earn the tools of production for the children whose husbands and fathers gave life itself that we might live in peace and security."

Throughout the war, Canadian service men and women have had their fill of platitudes and generalities.

Let every veteran now settle this question. Does the spirit of political partisanship which the King Government has consistently manifested in time of war, offer any assurance of a square deal for veterans in time of peace? Does the iniquitous mannerly policy which split Canada apart reflect the right spirit? Remember in war, as in peace, political policies infallibly indicate party principles.

It is significant that more than half of the Progressive Conservative candidates are ex-soldiers and ex-service men. No other party can approach this record. These men know that no other party has such realistic and comprehensive plans for rehabilitation. They know that the Progressive Conservative Party is the service men's party.

They know that John Bracken, father of three sons on active service, understands the problems, the hopes

and the fears of veterans.

They say, with John Bracken

"The cost of winning the war and the cost of establishing those who fought in it, is one and indivisible. In the plainest words at my command, I say to you that nothing short of full-time gainful employment for every man and woman who has worn the Canadian uniform will be acceptable. Every man and woman must be given an opportunity to earn a good living. If existing enterprise cannot do this, let us create more, and will."

These service and ex-service candidates, with John Bracken, pledge themselves that, under no circumstances, will existing benefits to veterans be lessened. On the contrary, they will be increased and extended.

They, with John Bracken, pledge themselves to revise an out-moded pensions act, to humanize its administration, to eliminate red-tape and inexcusable delays. Pension rates will be reviewed at once and increased so as to bring them in line with higher living costs.

Under a Progressive Conservative government, recorded condition of personnel on enlistment will be accepted as sufficient proof in determining disability pension. The veteran will be entitled to the benefit of the doubt.

The "first in, first out" principle will be followed on demobilization — with job at decent pay assured to the veteran when he returns to "civil" street.

In the words of our leader, we of the Progressive Conservative Party, "accept the challenge to demonstrate to you who fought that you shall not be handicapped in days of peace because you responded to the nation's call in days of war."
